

**COMMISSIONERS COURT
COMMUNICATION**

COURT ORDER NUMBER 144793
PAGE 1 OF 6
DATE: 2/19/2025

**SUBJECT: CONSIDERATION OF FINAL PLAT – RANCH OAK FARM ESTATES –
PRECINCT 4**

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider for recording in the Plat Records of Tarrant County, Texas, the Final Plat of Lot 22-R1 and 22-R2, Ranch Oak Farm Estates, an addition to Tarrant County, Texas, 4.89 acres of land being a replat of Lot 22, Ranch Oak Farm Estates, an addition to Tarrant County, Texas, as recorded in Vol. 388-55, Pg. 33, Plat Records, Tarrant County, Texas.

BACKGROUND

The subdivision is located within the city of Azle extraterritorial jurisdiction (ETJ). The plat is attached and has been approved and signed by the City of Azle.

There is no FEMA-designated floodplain associated with this plat.

A location map of this subdivision in Precinct 4 is attached.

The Takings Impact Assessment (TIA) Waivers for this plat are attached.

Water will be supplied by Community Water.

The final plat has been reviewed by Tarrant County Transportation Services and has successfully met the standards contained in the Tarrant County Development Regulations.

FISCAL IMPACT

There is no fiscal impact to the General Fund associated with this item.

SUBMITTED BY	Transportation Services	PREPARED BY: APPROVED BY:	Nicole Benoit Joseph Jackson

Tarrant County Standard Plat Notes

- Development in unincorporated Tarrant County shall be subject to applicable municipal regulations, the current Tarrant County Development Regulations Manual, and the Tarrant County Fire Code.
- Tarrant County permits required prior to development within this subdivision, as applicable, include, but are not limited to, construction within the public right-of-way, driveway access to public roads, development within a designated floodplain, salvage yards, stormwater mitigation, and on-site sewage systems.
- All drainage easements shall be kept clear of fences, buildings, foundations, plantings, and other obstructions to the operation and maintenance of the drainage facility. All drainage easements that are adjacent and parallel to the right-of-way of dedicated public roadways will be maintained by Tarrant County as approved by Tarrant County Transportation Services.
- The siting and construction of water wells shall be subject to the regulations of the Northern Trinity Groundwater Conservation District.
- Tarrant County is not responsible for confirming or ensuring the availability of groundwater.
- Any existing creek, stream, river or drainage channel traversing along or across portions of this addition will remain unobstructed at all times and will be maintained by the adjacent property owner, or the Home Owners Association, if applicable. The County will not be responsible for the maintenance, erosion control, and/or operation of said drainage ways. The homeowners shall keep the adjacent drainage ways traversing their property clean and free of debris, silt or other substances which would result in unsanitary conditions, and the County shall have the right of entry for the purposes of inspecting maintenance work by the property owners. The drainage ways are occasionally subject to stormwater overflow damages resulting from the stormwater overflow and/or bank erosion that cannot be identified. The County shall not be liable for any damages resulting from the occurrence of these phenomena, nor the failure of any structures within the drainage ways. The drainage way crossing each lot is contained within the floodplain/drainage easement line as shown on the plat.
- Tarrant County shall not be responsible for the maintenance of private streets, drives, emergency access easements, recreation areas, and open spaces; and the owners shall be responsible for the maintenance of private streets, drives, emergency access easements, recreation areas, and open spaces, and said owners agree to indemnify and save harmless Tarrant County from all claims, damages, and losses arising out of or resulting from the performance of the obligations of said owners set for in this paragraph.
- Tarrant County does not enforce subdivision deed restrictions.
- Landowners and subsequent owners of lots or parcels within this subdivision are encouraged to contact Tarrant County's Transportation Services Department prior to conducting any development activities.
- Any public utility, including the County, shall have the right to remove and keep clear all or part of any building, fences, trees, overgrown shrubs or improvements that in any way endanger or interfere with the construction, maintenance, or efficiency of its respective systems on any of the easement or right-of-way shown on the plat (or filed by a separate instrument that is associated with said property); and any public utility, including the County, shall have the right at all times an ingress and egress to and from upon said easements for the purpose of construction, reconstruction, inspection, patrolling, maintaining and adding to or removing all or part of its respective systems without the necessity at any time of procuring the permission of anyone. Property owners shall maintain easements. The County can remove trees or any other improvement(s) and does not have the responsibility to replace them.
- Tarrant County requires a minimum lot size of 1.0 acre (net) for properties that are not served by a public water system, and that will be served by private on-site sewage facilities (OSSF). For lots that are less than 1.0 acre (net) and not served by a public water system, landowners shall submit a formal request for a variance of the Tarrant County Development Regulations relating to lot size and a written authorization from Tarrant County Public Health confirming that it has no objections with the processing of the plat. The approval of this plat does not guarantee that any lot is suitable for an OSSF.

This project is located in the ETJ of Azle and is not subject to Transportation Impact fees.

Sewer to be served by private individual disposal system.

Water to be served by Community Water.

NOTE: There are no water existing wells on this property.

WAIVER OF "TAKINGS IMPACT ASSESSMENT (TIA)

Under the Private Real Property Rights Preservation Act

Comes now Heather Neagle Smith owner(s) of the property, located in Pct. ____
described as 1325 Reed Road (Property Address or Legal Description) located in
Tarrant County, Texas.

I(we) have been informed and understand that I(we) have certain rights, as an owner of private real property, under Chapter 2007 of the Texas Government Code, the Private Real Property Rights Preservation Act ("PRPRPA"), effective September 1, 1997.

I(we) understand that county governments are required to expressly consider or assess whether their governmental actions may result in "takings" of private property. I(we) further understand that the PRPRPA also provides a remedy for an owner of a legal or equitable interest in private real property to seek a judicial determination of whether a governmental action constitutes a "taking" and, if so, to ask for invalidation of the governmental action if the county fails to pay the damages assessed.

I(we) further understand that a "taking" is any county action that affects an owner's private real property whether in whole or in part, temporarily or permanently. Any county action, ordinance or regulation that affects an owner's rights as owner of the property, that would otherwise exist in the absence of any action by the county, is actionable. If the action of the county would reduce the value of an owner's private real property by 25 percent or more, I(we) understand that the county is required to prepare a "Takings Impact Assessment" (TIA). If such TIA prepared, the county is required to provide at least 30 days' notice of its intent to engage in any such proposed actions. The notice must be published in a newspaper of general circulation in Tarrant County, and it must include a reasonably specific summary of the TIA.

I(we) further understand that any action is void if such an assessment is not prepared and that, as the owner(s) of the land affected by a county action for which a TIA should be prepared, I(we) have the right to bring a suit against the county within 180 days after I(we) know or should have known about the "taking". If I(we) should choose to bring such a suit, I(we) would be awarded reasonable and necessary attorney's fees, costs of court, and even damages, especially if the action of the county had reduced the value of my land by 25 percent or more. I(we) could also have the county action declared void.

I(we) further understand that current public right-of-way extends 30 feet, parallel and adjacent to Reed Rd, a county road, and to meet the requirements included in the Tarrant County Development Regulations, an additional 5 feet of right-of-way will be dedicated upon approval of the requested plat. I(we) also understand that the rights outlined above as well as others, under the PRPRPA, may apply to the 5 feet of right-of-way dedication, as documented on the plat.

In consideration of expediting and shortening the approval process for the platting of the above-described property, I(we), as the owner(s), hereby freely and voluntarily waive these rights, as well as any and all other rights that I(we) may have as the owner(s) related to the PRPRPA for the above-described right-of-way dedication. I(we) specifically request the Tarrant County Commissioners Court to proceed to consider and approve the final plat on the above-described property.

This Waiver is signed on the 22 day of JANUARY, 2025.
