SUBJECT: RECEIVE AND FILE PETITION FOR THE CREATION OF TARRANT COUNTY FRESH WATER SUPPLY DISTRICT NO. 2 AND SET TIME AND PLACE FOR A PUBLIC HEARING FOR THE CREATION OF THE DISTRICT

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court receive and file the petition for the creation of Tarrant County Fresh Water Supply District No. 2 and set the time and place for a public hearing for the creation of the district at its meeting scheduled for Tuesday, March 18, 2025, at 10:00 a.m.

BACKGROUND

In early 2024, PMB Capital Investments, Tarrant County, and the City of Fort Worth conducted a series of discussions regarding cooperation to facilitate development of approximately 335 acres of land located in an area of Tarrant County generally known as "Bonds Ranch North." The development is a master planned community that consists of single-family lots, commercial acreage, open space and parkland, and dedicated acres for a potential school site and public safety building.

In an effort to work collaboratively and find a solution that allowed for future annexation of the development into the City of Fort Worth, a Fresh Water Supply District was a proposed solution. In Texas, Fresh Water Supply Districts (FWSDs) are governed by Chapters 49 and 53 of the Texas Water Code and are typically created to provide water, wastewater, infrastructure, and drainage services to rural or unincorporated areas. The creation of the FWSD helps to support rural development by providing essential utilities necessary for the future residents of this area, encourages economic growth by making the area more attractive and accessible for businesses, gives residents a local governing body to oversee services and debt, and allows the district to levy taxes and issue bonds to fund infrastructure. Upon the bonds being paid off, the development would then be annexed into the City of Fort Worth. Tarrant County has received the conceptual plan for this development and, if the petition is approved, must appoint five temporary supervisors to the board of directors which will allow oversight to ensure the conceptual plan is adhered to. In addition to Tarrant County participation, the City of Fort Worth has approved a Resolution of Support, attached hereto, for the creation of Tarrant County FWSD No. 2, and is working towards a Strategic Partnership Agreement and Development Agreement with the City so that when annexation does occur, it will meet City standards.

Tarrant County intends to conduct a public hearing for the creation of the Tarrant County Fresh Water Supply District on Tuesday, March 18, 2025, at 10:00 a.m. in the G.K. Maenius Administration Building, Commissioners Courtroom, 5th Floor, 100 E. Weatherford Street, Fort Worth, Texas 76196. Interested persons may attend to provide public comment on the proposed creation of the FWSD. Such a public hearing is required to occur between fifteen to thirty days from the filing of the petition. At the hearing, the Commissioners Court

**PETITION FOR CREATION, ORGANIZATION AND ESTABLISHMENT OF
TARRANT COUNTY FRESH WATER SUPPLY DISTRICT NO. 2**

THE STATE OF TEXAS §
 §
COUNTY OF TARRANT §

TO THE HONORABLE COUNTY JUDGE AND COMMISSIONERS OF TARRANT
COUNTY, TEXAS:

The undersigned, the owner of the land hereinafter described (the "Petitioner"), acting pursuant to the provisions of Chapters 49 and 53, Texas Water Code, as amended, and in keeping with the provisions of Article XVI, Section 59, of the Texas Constitution, respectfully petition for the creation, organization and establishment of a fresh water supply district and would show the following:

I.

The name of the proposed fresh water supply district is TARRANT COUNTY FRESH WATER SUPPLY DISTRICT NO. 2 (the "District").

II.

The District's boundaries will contain an area of 335.000 acres of land, more or less, situated wholly within Tarrant County, Texas, and in the extraterritorial jurisdiction of the City of Fort Worth, Texas, described by metes and bounds in **Exhibit A** attached hereto and incorporated herein for all purposes (the "Land"). All of the Land is within Tarrant County and may properly be included in the District.

III.

The Petitioner owns a majority in value of land in the proposed District as indicated by the tax rolls of the Tarrant Appraisal District. The Petitioner represents that there are no lienholders on the Land.

IV.

The District shall be organized under Article XVI, Section 59, of the Texas Constitution for any purpose authorized by Chapter 53 and Chapter 49, Texas Water Code, as amended, and any other applicable law.

V.

The general nature of the work proposed to be done by the District is the building, acquisition, construction, completion, carrying out, maintaining, protection, and in case of necessity, the addition to and rebuilding of all works and improvements necessary or proper to conserve, transport and distribute fresh water from any source; a sanitary sewer system and storm sewer system, to the extent permitted by law; and if approved by voters in the District, the assumption of the rights, authority, privileges, and functions of a road district under Article III, Section 52, of the Texas Constitution.

VI.

There is a necessity for the above-described improvements. The territory to be included in said proposed District is located wholly within the extraterritorial jurisdiction of the City of Fort Worth, Texas, and within Tarrant County, Texas, and will be developed for primarily residential purposes. There is not available within the area proposed to be included in the District an adequate waterworks system, sanitary sewer system, or road system, and the health and welfare of the present and future inhabitants of the District and of the areas adjacent thereto require the purchase, construction, acquisition, maintenance and operation of an adequate waterworks system, sanitary sewer system, storm sewer system, and road system.

VII.

The proposed improvements are feasible and practicable and would benefit the Land within the proposed District. There is an ample supply of water available, and the terrain of the territory to be included in the proposed District is such that a waterworks system, sanitary sewer system, storm sewer system, and road system can be constructed at a reasonable cost.

VIII.

The sum of one hundred dollars (\$100.00) has been deposited with the County Clerk of Tarrant County to cover expenses incident to the hearing on this petition.

WHEREFORE, Petitioner prays (1) this petition be properly filed as provided by law; (2) that upon filing of this petition, the Honorable Commissioners Court of Tarrant County, Texas, if it be in session, and if not, then the Honorable County Judge of Tarrant County, Texas, order that a hearing be set on this petition before said Commissioners Court or County Judge during the period beginning with the fifteenth (15th) day and ending with the thirtieth (30th) day after the date of such order; (3) that the County Clerk be ordered to issue notice informing all persons concerned of the time and place of such hearing and of their right to appear at the hearing and contend for or

contest the creation of the District; (4) that such notice be given and posted as required by law by posting notice of such hearing at the courthouse door and at four different places inside the proposed District for at least ten days before the date of the hearing; (5) that said hearing be held and conducted as required by law and, if upon such hearing it be found that this petition sets forth and conforms to the requirements of law and is signed by the owners of a majority in value of land in the proposed District, that notice of the hearing was given, that the proposed improvements are desirable, feasible, and practicable and conducive to public health, and that the District should be created, that the Commissioners Court so find and render its judgment reciting such findings and creating and establishing the District; (7) that the Commissioners Court appoint _____, _____, _____, _____, and _____ to serve as supervisors of the District in the manner provide by law; and (8) for such other proceedings and orders are proper and necessary and appropriate to the creation and organization of said District and to the execution of the purposes for which said District shall be created and organized.

**PETITION FOR CREATION, ORGANIZATION AND ESTABLISHMENT OF
TARRANT COUNTY FRESH WATER SUPPLY DISTRICT NO. 2**

THE STATE OF TEXAS §
 §
COUNTY OF TARRANT §

TO THE HONORABLE COUNTY JUDGE AND COMMISSIONERS OF TARRANT
COUNTY, TEXAS:

The undersigned, the owner of the land hereinafter described (the "Petitioner"), acting pursuant to the provisions of Chapters 49 and 53, Texas Water Code, as amended, and in keeping with the provisions of Article XVI, Section 59, of the Texas Constitution, respectfully petition for the creation, organization and establishment of a fresh water supply district and would show the following:

I.

The name of the proposed fresh water supply district is TARRANT COUNTY FRESH WATER SUPPLY DISTRICT NO. 2 (the "District").

II.

The District's boundaries will contain an area of 335.000 acres of land, more or less, situated wholly within Tarrant County, Texas, and in the extraterritorial jurisdiction of the City of Fort Worth, Texas, described by metes and bounds in Exhibit A attached hereto and incorporated herein for all purposes (the "Land"). All of the Land is within Tarrant County and may properly be included in the District.

III.

The Petitioner owns a majority in value of land in the proposed District as indicated by the tax rolls of the Tarrant Appraisal District. The Petitioner represents that there are no lienholders on the Land.

IV.

The District shall be organized under Article XVI, Section 59, of the Texas Constitution for any purpose authorized by Chapter 53 and Chapter 49, Texas Water Code, as amended, and any other applicable law.

V.

The general nature of the work proposed to be done by the District is the building, acquisition, construction, completion, carrying out, maintaining, protection, and in case of necessity, the addition to and rebuilding of all works and improvements necessary or proper to conserve, transport and distribute fresh water from any source; a sanitary sewer system and storm sewer system, to the extent permitted by law; and if approved by voters in the District, the assumption of the rights, authority, privileges, and functions of a road district under Article III, Section 52, of the Texas Constitution.

VI.

There is a necessity for the above-described improvements. The territory to be included in said proposed District is located wholly within the extraterritorial jurisdiction of the City of Fort Worth, Texas, and within Tarrant County, Texas, and will be developed for primarily residential purposes. There is not available within the area proposed to be included in the District an adequate waterworks system, sanitary sewer system, or road system, and the health and welfare of the present and future inhabitants of the District and of the areas adjacent thereto require the purchase, construction, acquisition, maintenance and operation of an adequate waterworks system, sanitary sewer system, storm sewer system, and road system.

VII.

The proposed improvements are feasible and practicable and would benefit the Land within the proposed District. There is an ample supply of water available, and the terrain of the territory to be included in the proposed District is such that a waterworks system, sanitary sewer system, storm sewer system, and road system can be constructed at a reasonable cost.

VIII.

The sum of one hundred dollars (\$100.00) has been deposited with the County Clerk of Tarrant County to cover expenses incident to the hearing on this petition.

WHEREFORE, Petitioner prays (1) this petition be properly filed as provided by law; (2) that upon filing of this petition, the Honorable Commissioners Court of Tarrant County, Texas, if it be in session, and if not, then the Honorable County Judge of Tarrant County, Texas, order that a hearing be set on this petition before said Commissioners Court or County Judge during the period beginning with the fifteenth (15th) day and ending with the thirtieth (30th) day after the date of such order; (3) that the County Clerk be ordered to issue notice informing all persons concerned of the time and place of such hearing and of their right to appear at the hearing and contend for or

contest the creation of the District; (4) that such notice be given and posted as required by law by posting notice of such hearing at the courthouse door and at four different places inside the proposed District for at least ten days before the date of the hearing; (5) that said hearing be held and conducted as required by law and, if upon such hearing it be found that this petition sets forth and conforms to the requirements of law and is signed by the owners of a majority in value of land in the proposed District, that notice of the hearing was given, that the proposed improvements are desirable, feasible, and practicable and conducive to public health, and that the District should be created, that the Commissioners Court so find and render its judgment reciting such findings and creating and establishing the District; (7) that the Commissioners Court appoint _____, _____, _____, _____, and _____ to serve as supervisors of the District in the manner provide by law; and (8) for such other proceedings and orders are proper and necessary and appropriate to the creation and organization of said District and to the execution of the purposes for which said District shall be created and organized.
